STRATEGY & PROCESS DESCRIPTION

The WEDGE SMID Cap Value CIT is a collective investment trust fund sponsored by Comerica Bank & Trust N.A. and is sub-advised by WEDGE Capital Management L.L.P. This WEDGE SMID Cap Value CIT concentrates on companies primarily within the broad small and mid cap market segments as captured by the small and mid cap Russell and S&P indices. Once a stock reaches 1.5 times the upper market cap limit, it will be sold from the portfolio.

WEDGE Capital Management's research-driven approach to value investing and portfolio construction defines their Traditional Equity platform. They first apply systematic quantitative analysis to evaluate companies and industries with favorable value and return characteristics. Approximately 35% of the stocks in the product universe make it through the two proprietary screening models and qualify for further research. Their experienced equity research teams then perform comprehensive company and industry analysis. Their multi-step recommendation process encourages constructive debate among members of the investment team. WEDGE relies on strong buy/sell disciplines to ensure adherence to their value and quality philosophy.

The Fund is part of a \$1 billion Small Mid Cap Value (SMID) strategy managed by WEDGE since April 1997. Data for the strategy is presented below.

Verification does not ensure the accuracy of any specific composite presentation. The firm was founded in 1984 and provides a range of equity, fixed income, and balanced investment strategies to institutional and other investors. Performance data is historical and is no indication of future results. Valuations and returns are in U.S. dollars. Beginning April 2004 performance includes accruals. Investment returns reflect the reinvestment of dividends and/or interest. Gross performance results are presented before management fees but after all trading expenses.

Small Mid Cap Value: The Small Mid Cap Value composite was created on 04/01/1997. The composite consists of discretionary accounts of WEDGE Capital Management L.L.P. with a minimum of \$1MM invested in the Small Mid Cap Value strategy. Prior to 2012, any discretionary taxable accounts were included in a separate composite. Beginning July 1, 2018, an account must be below the minimum size threshold at the end of the month before it is removed from the strategy composite. Prior to July 1, 2018 the exclusion period was three months instead of one month. The Small Mid Cap Value strategy is actively managed and invests in companies traded on U.S. exchanges and which are primarily within the broad small and mid cap market segment as captured by the small and mid cap Russell and S&P indices. Net returns are calculated by subtracting the highest applicable management fee (0.85% on an annual basis, or 0.07% monthly) on a monthly basis from the gross composite monthly return. The management fee schedule is as follows: 0.85% on total assets. See Part 2A of Form ADV for details of management fees. The appropriate index is the Russell 2500 Value Index which measures the performance of the small to mid cap value segment of the U.S. equity universe. It includes those Russell 2500 Index companies with lower price-to-book ratios and lower forecasted growth values. The index includes the reinvestment of the dividends. Investors cannot invest directly in an index.
