STRATEGY & PROCESS DESCRIPTION

The WEDGE QVM Small Mid Cap Value CIT is a collective investment trust fund sponsored by Comerica Bank & Trust N.A. and is sub-advised by WEDGE Capital Management L.L.P. Utilizing fundamental characteristics, our Quantitative Equity platform employs robust models that systematically combine value, contrarian, and momentum factors to identify undervalued stocks. Our research has proven that the factor categories that determine stock price performance often vary across economic sectors and capitalization ranges. Due to the number and unique combinations of factors utilized, our sector-specific models allow us to efficiently and unemotionally analyze the designated universe of stocks, providing objectively determined buy and sell decisions among members of the investment team. WEDGE relies on strong buy/sell disciplines to ensure adherence to their value and quality philosophy.

* Dispersion is not presented when five or fewer portfolios are included in the composite for the full year.

WEDGE Capital Management L.L.P. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS Standards. WEDGE Capital Management L.L.P. has been independently verified for the period January 1, 2013 through December 31, 2024. The verification report is available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. GIPS is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein. WEDGE Capital Management L.L.P. is an SEC registered independent investment adviser owned by eleven general partners. The firm was founded in 1984 and provides a range of equity, fixed income, and balanced investment strategies to institutional and other investors. The firm's policies for valuing investments, calculating performance, and preparing GIPS Composite Reports, as well as a list of all composite descriptions, are available by contacting the Performance Group, WEDGE Capital Management, 301 S. College Street, Suite 3800, Charlotte, NC 28202 or performance@wedgcapital.com.

Performance data is historical and is no indication of future results. Investing in marketable securities such as stocks and bonds involves the risk of loss. Generally, the greater the return potential, the greater the risk of loss. Please see WEDGE's ADV Part 2A for specific sources of risk that can adversely affect an investment. Valuations and returns are in U.S. dollars. Beginning April 2004 performance includes accruals. Beginning in 2023 total firm assets are rounded to the nearest ten million. Internal dispersion is calculated using equal-weighted gross of fee standard deviation of all portfolios that were included in the composite for the entire year. The three-year annualized standard deviation measures the variability of the composite gross returns and the benchmark returns over the preceding 36-month period. Investment returns reflect the reinvestment of dividends and/or interest. Gross performance results are presented before management fees but after all trading expenses.

QVM Small Mid Cap Value: The inception date and the creation date for the QVM Small Mid Cap Value composite is 01/01/2009. The composite consists of discretionary accounts of WEDGE Capital Management L.L.P. and the equity portion of discretionary balanced accounts, including cash equivalents, with a minimum of \$1MM invested in the QVM Small Mid Cap Value strategy. Effective December 1, 2025, the quantitative equity portion of discretionary balanced accounts is carved out for inclusion in the appropriate quantitative equity composite. These quantitative equity portions are maintained separately as stand-alone accounts with their own cash balance and are not considered extracted performance. Beginning in April 2020 an account will not be added back to the composite until it is greater than the minimum asset level on both the first and last day of the month. At that point, it will be added to the composite as of the month in which it exceeded the minimum level. Beginning July 1, 2018, an account must be below the minimum size threshold at the end of the month before it is removed from the strategy composite. Prior to July 1, 2018 the exclusion period was three months instead of one month. The QVM Small Mid Cap Value strategy is actively managed and applies a quantitative approach to a selection of Small Cap Value and Mid Cap Value securities traded on U.S. exchanges. Net returns are calculated by subtracting the actual management fees paid on a monthly basis. Actual management fees can vary based upon asset levels or contractual terms. As a result, actual net of fee performance may not be representative of the fees paid by all investors. The management fee schedule is as follows: 0.60% of the first \$25MM under management, 0.50% on the next \$75MM, and 0.40% on all assets over \$100MM (previously 0.65% of the first \$25MM under management, 0.50% on the next \$75MM, and 0.40% on all assets over \$100MM from 07/01/2017-03/31/2023 and 0.80% of the first \$10MM under management, 0.75% on the next \$15MM, and 0.70% on all assets over \$25MM prior to 06/30/2017). See Part 2A of Form ADV for details of management fees. The appropriate index is the Russell 2500 Value Index which measures the performance of the small to mid cap value segment of the U.S. equity universe. It includes those Russell 2500 Index companies with lower price-to-book ratios and lower forecasted growth values. The index includes the reinvestment of dividends. Investors cannot invest directly in an index.

**The Fund is part of the QVM Small Mid Cap Value composite.

The WEDGE Capital QVM Small Mid Cap Value CIT is only available for investment by qualified retirement plans and is not offered to the general public. Securities and other non-deposit investment products offered through Comerica are NOT FDIC insured; are not deposits or obligations of, or guaranteed by Comerica or any of its affiliates; involve risk, including the possible loss of principal.
